Docket No. 98N-1265 MAY 13 P1:36
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: *Using a compounded medication & how it has a difference in the quality of my life. It is the only thing I've been able to use to eliminate my headaches, relieved symptoms & made it possible for me to live a normal life. The public does not support restricting the availability of individual compounded medications.*
